

I have noted the progress made with the preparation of Neighbourhood Plans in the district as set out in paragraph 8.10 of the proposed submission version. I have seen from the Council's website that the three plans (Rye, Ticehurst/Flimwell and Crowhurst) which were due to be submitted by the end of 2018 were indeed submitted. There are four plans (Battle/Netherfield, Burwash, Etchingham and Hurst Green) still in preparation, as I understand.

Can the Council produce a simple note for me to outline where these four neighbourhood plans are up to in respect of their preparation and when they are expected to be submitted?

Thanks

Mike Worden
