Subject: Vicarage Land

Dear Cheryl

I feel it necessary to email my personal concerns with the proposed development of the Vicarage Lane.

I live at [REDACTED] and have obvious concerns regarding the access for the proposed site and the impact on Fair Lane itself. Fair Lane is only a lane and struggles already with the traffic that uses the Lane. The Lane is already full of parked cars and only one car wide. Fire engines are a concern already. The single narrow path does not go all the way to the top of the Lane. How can it be used for a new estate!

I live in a Grade 2 Lister building and have to follow strict rules with keeping my house to a particular style. What will this development do to the surrounding area including the High street which hold several listed houses.

I appreciate there is a need for more homes but don't spoil our village!

Thanks

Carole Crane
