- **Please can you tell me the frequency of (a) general waste collection and (b) recycling waste collection in each year since 2009-10?**

Under the current waste contract and the previous one which started in 2007 Rother have collected household waste on a frequency of both weekly approx. 7000 properties (weekly sack collections due to limited waste storage i.e town centre locations) and fortnightly approx. 38000 properties (Alternate weekly collections with standard wheelie bins, one week waste the following week recycling)

All recycling in Rother is collected fortnightly, both co-mingled recycling and garden waste.

- **How many complaints did the council receive in relation to refuse collection in each year since 2009-10?**
