Request/Response

1. How many ANPR cameras does your council currently operate, either in vehicles, as static cameras by the roadside, in car parks or at other locations? Please provide a breakdown of the number of static vs in-car ANPR cameras, if possible.

Rother District Council do not operate any ANPR cameras. SmartParking operate one ANPR site on our behalf, with two static cameras (one on the entrance to the car park and one on the exit)

2. How many ANPR cameras has your council operated over the last five years (2018-2014)? Please provide a year-by-year breakdown.

As above, the cameras have only been in situ since 2018. Prior to that, there were no ANPR cameras.

3. How many 'hits' have your ANPR cameras generated over the last five years? That is to say, how many times data from an ANPR camera been used for enforcement action over the last five years? Please provide a year-by-year breakdown.

We do not have this information – data is collected and managed by SmartParking.

4. If possible, please tell me the total number of vehicle number plates scanned by your ANPR cameras in the last five years? Please provide a year-by-year breakdown.

As above.
