Dear Mr Hardy

Thank you for your email regarding the above. I have passed this on to our Government Affairs team who will be able to respond to your comments in more detail.

With kind regards

Sue

Subject: Salehurst and Robertsbridge Neighbourhood Plan - Woodland Trust owned property

As you may know the Salehurst and Robertsbridge Parish Council made a decision in January 2015 to proceed with the creation of a Neighbourhood Plan (NP) under the Localism Act 2011. The Act enables parishes to make local development plans for a designated area, in this case the whole of the parish. These plans can cover where houses and business premises may be built during the Plan period which is up to 2028. They also are able to make policies in a wide number of areas such as the local economy, infrastructure and the environment.

The Parish have delegated the task to a Steering Group composed of parish councillors and a majority of non-parish councillors who have been gathering evidence from enquiries, exhibitions and questionnaires over the last twenty months, in order to formulate what they think are appropriate policies for the parish. They are about to bring these policies in a draft plan to a formal six week consultation period starting this coming Monday.

One of the policies in the Environment section is to designate for extra protection what are being called 'Green Spaces'. The purpose of this email is to let you know that a parcel of land which we believe you to be the owner or occupier of is provisionally designated a 'Green Space' under Policy EN 2 of the draft NP. If you are the occupier, rather than the owner I would be grateful if you could send a copy of this email to the owner as the same considerations set out here will apply to them as to you. Your site or sites are listed at the foot of this email.

The draft policy is set out here:

Policy EN2: Local Green Space Designation

The Plan designates the locations described in Schedule 1 (Refer to ANNEX 1 to the Plan: Map 3) as Local Green Spaces under the Neighbourhood Plan in accordance with paragraph 77 of NPPF guidelines because of their particular significance and/or benefit to the community either as community amenities or because of their significant contribution to the rural appearance of the village within the High Weald AONB, High Weald AONB, in order to protect these sites.

Proposals for any development on the land will be resisted other than in very special circumstances or if it is essential to meet necessary utility infrastructure needs and no alternative feasible site is available. There will be a presumption against development on these sites under the Neighbourhood Plan.

In the light of this we would particularly draw your attention to the fact that the draft Plan will be available for consultation in a number of ways:

- [REDACTED] it will be available on line from Monday at www.robertsbridgeneighbourhoodplan.org.uk
- [REDACTED] you can call into the the Parish Office, Robertsbridge Youth Centre, The Grove, George Hill, TN32 5AP on Tuesdays and Thursdays between 2 pm and 4 pm
- [REDACTED] we are having an open session at the Youth Centre main hall on Friday 7 October between 2 pm to 8 pm and the following day, Saturday, between 10 am and 4 pm.

We welcome and look forward to your participation in our consultation.

Subject: Re: Salehurst and Robertsbridge Neighbourhood Plan - Robertsbridge Cricket Club

I went that way - grandparenting - nine years ago, so welcome to the club.

We are busy in retirement – in fact not sure I could have done what I am doing when at work.

I hope the policy if adopted will protect it as a cricket club although it is called green space, but you obviously are aware that building on Flood zone 3 which is what the ground is, is realistically an absolute no-no.

Best wishes to Tracy too from us both.

Stephen

Dear Stephen

Thanks for this. The Cricket Club does own the ground so we will discuss this at Committee. I doubt it would be built on being on the flood plain but better to be safe than sorry.

I hope you and Sue are well. We have just become grand parents so very exciting.

best wishes

Alastair

To: [REDACTED]
Subject: Village hall area

Dear Stephen

Thank you for your email explaining that the Area occupied by the Village Hall and its adjoining lands are designated a 'Green Space' under Policy EN 2 of the draft NP.

I can certainly confirm that this is fully justified in terms of its central importance to the community. However technically speaking the property is owned by the The Official Custodian for Charities. on behalf of the Trustees of the Robertsbridge Community Association, and we will therefore be passing your information on to them.

best regards
