Notes for businesses:

- You have a right to request a re-visit for the purposes of re-grading if you have taken action to rectify the non-compliances identified at the time of inspection. The re-grading fee must be paid at the time of this application.
- You must provide details of the improvements made with your request, including supporting evidence where appropriate.
- If the local authority considers that you have provided sufficient evidence that the required improvements have been made, and provided that a two month 'stand still' period has passed since the initial inspection, the local authority will make an inspection within 3 months.
- The Inspector will give you a 'new' star rating based on the level of compliance that is found at the time of the re-visit - you should be aware that your rating could go up, down or remain the same.
