

Rother District Council Street Nameplate Specification

Plates

Material: The name plate will be made of 12 gauge aluminium plate
Height of name plate will be 145mm for primary text
Black text and border on a white background

Lettering

Nameplate Text: 90mm Kindersley Embossed

Secondary Text: 50mm Kindersley Embossed with 30mm gap between primary text and subsequent secondary text.

“T” symbol 816.1 of The Traffic Signs Regulations and General Directions 2002

Stand

Material: Steel

40 x 40 x 5mm angle frame welded to 50 x 50 x 1125mm box legs.

The legs can have anchor plates added to feet for more secure fixing in the ground.

The height of the top of the name plate from the ground at the centre line should be 675mm.

The height from the top of the sign to the foot base should be 1125mm. 450mm of the post must be in the ground.

The legs can be longer if required depending on the site.

Fixing of these freestanding frames will be in concrete and the top surface to match the surrounding ground

Frame colour: Green RAL 6005
