

**Legend**

- SFRA Study Area
- Romney Marshes IDB Structures
- Pevensey and Cuckmere WLMB structures
- Environment Agency Spatial Flood Defences

**Notes**

Environment Agency defences and defences derived from the River Brede model are shown with a standard of protection which is against a 50% AEP event or more. Man-made and natural defences which may arise, for instance due to the presence of naturally high ground adjacent to a settlement, have been considered.

Structures and assets maintained and managed by IDBs have also been included. These include pumping stations and other water control structures.
